AUDITOR'S REPORT

Having examined the accounts of the selectmen, treasurer, clerk, road agent, trustees of trust funds, and other officers of the Town of Hill, I find them correctly cast and properly vouched, and the financial statement true.

FIRE WARDEN'S REPORT

There were two small fires in the town of Hill this past year, both occurring during the dry period the latter part of April and the first week in May. Both of which were confined to grass and sprout-land.

We cannot expect to be as fortunate every year to have the amount of rainfall that we had in 1959, an average of over twenty five inches for the District, it therefore becomes the duty of every citizen to maintain the same vigilance and caution, that they have in the past so admirably, in the basic fundamentals of forest fire prevention.

1. A permit to burn must be obtained from the Local Warden, except when the ground is covered with snow.
2. Written permission from the Land Owner and verbal consent from Warden for any campfires.
3. To be careful while smoking, in or near woodlands, and not to drop or throw down, any lighted cigar, cigarette or match.
4. To notify the Warden of any uncontrolled or unattended fire that they may see.
5. That any fire prevention is your cheapest and best insurance.

The 1959 fire record for Hill:

No. of fires	2
No. of acres burned	1/2
No. of permits issued	33

I wish to thank the Deputies and the Hill Vol. Fire Dept. for their cooperation and assistance in fire control in the town and district in 1959.

GERALD GROSS

District Fire Chief

CLIFTON W. ACKERMAN

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Board of Education and Citizens of the Hill School District:

I herewith submit my annual report as Superintendent of Schools.

School opened this year with the same personnel that we had last year. Mrs. Rounds is teaching the primary grades and serving as principal of the school. Mrs. Matthews is teaching the upper grades, Mrs. Miller music, and Miss Moynihan is serving as school nurse.

This Supervisory Union requested the State Department of Education to authorize a Helping Teacher for this Union. The State Department acted favorably on this request in the fall. As a result of this action the joint school boards of this Union appointed Mr. Paul Kilmister, Principal of the New Hampton Community School, to this position. He assumed his duties January first. He will spend his time working closely with the teachers in the curriculum field to provide the best possible education for each child commensurable with his ability. Substantial education gains should accrue in the years ahead as a result of this forward step.

In the field of instruction the Jennie Blake School was equipped to receive the educational television programs of Channel 11 from the University of New Hampshire. Offered over this channel weekly is science instruction for grades three, five and six, oral French for grade three, and New Hampshire History for grade four. We are using the science programs and the course in New Hampshire History. Since the instructors for the programs have been selected because they are excellent teachers and they also have many hours and much help to prepare a single lesson these lessons are of expert quality. The equipment they use in their science telecast is expensive and would cost the school more than the cost of the television installation. This installation was installed at a cost

of \$362.30. Half of this amount will be reimbursed to the district through the National Defense Education Act making the net cost to the district \$181.15.

Due to the many subjects that need to be covered in grade four through seven we are examining the possibilities of offering certain subjects every other year thereby allowing the children and teachers more time to do a more thorough job in each area. Any change that we make will be gradual and only when we are sure that it will contribute to better education for our children.

The total appropriation recommended by the school board and Superintendent is \$27,034.59. It is believed that this budget will serve the educational needs of the children of Hill.

I would like to express to you my sincere appreciation for your support and cooperation during the short time I have been here.

Respectfully submitted,

HERMAN N. DONEGAN

Superintendent of Schools
